2:00-2:30 – 7th

2:30-3:00 – 8th

April 23, 2021

Dear Parent / Guardian:

It is spring and it is also time for state testing! We are excited to see the progress that our students have made.

The West Virginia General Summative Assessment (WVGSA) Grades 3-8 includes individual content assessments in the areas of English language arts (ELA), mathematics and science which measure a student's levels of performance on clearly defined standards, objectives and skills. The assessment results provide information about a student's academic strengths, as well as areas needing improvement. The parent / guardian will receive a student report indicating levels of performance in each of the content areas. Results of the tests will be used by educators to improve student learning and performance.

Testing for virtual students will be taking place at Peterstown Middle School on the following dates/times and for the following grade levels:

Science 5th and 8th grade - Monday, May 17, 2021 at 12:00 pm

All grades 5-8 Reading – Tuesday, May 18, 2021 at 12:00 pm

All grades 5-8 writing and math – Wednesday, May 19, 2021 at 9:00 am

Students will enter the building at the side of the school where the buses park and lunch will be available for students each day if they would like to partake. All safety protocols will be in place to include social distancing of a minimum of six feet, mask requirement and sanitizing. We will be contacting parents as students complete their testing so that they can be picked up.

Again, we look forward to seeing our students and the progress that they have made this year. If you have questions or concerns, please contact Peterstown Middle School at 304-753-4322.
